installation instruction

1

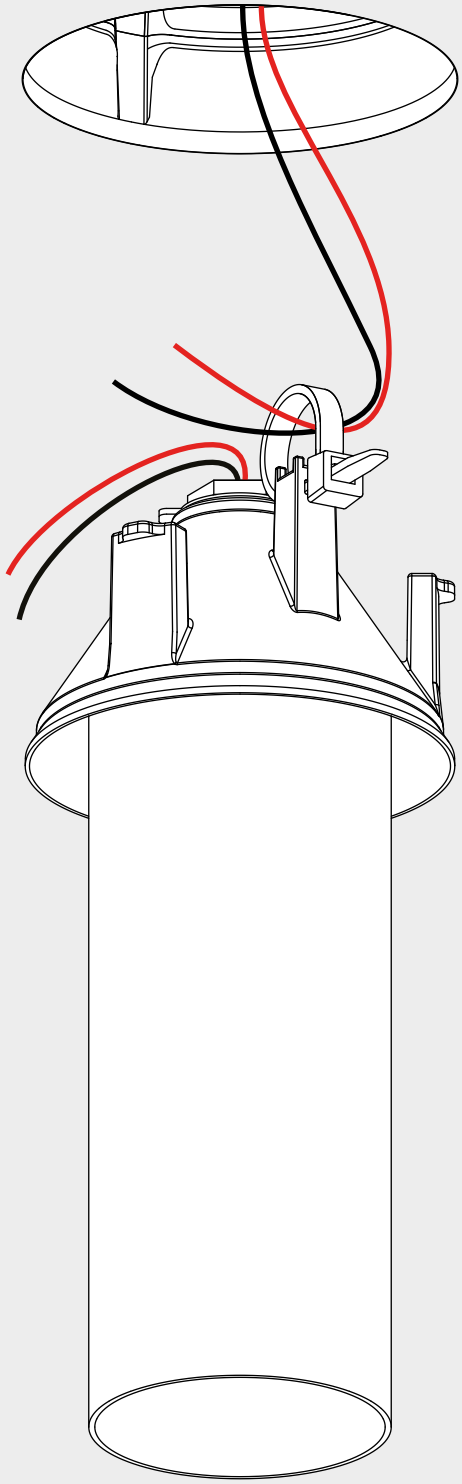

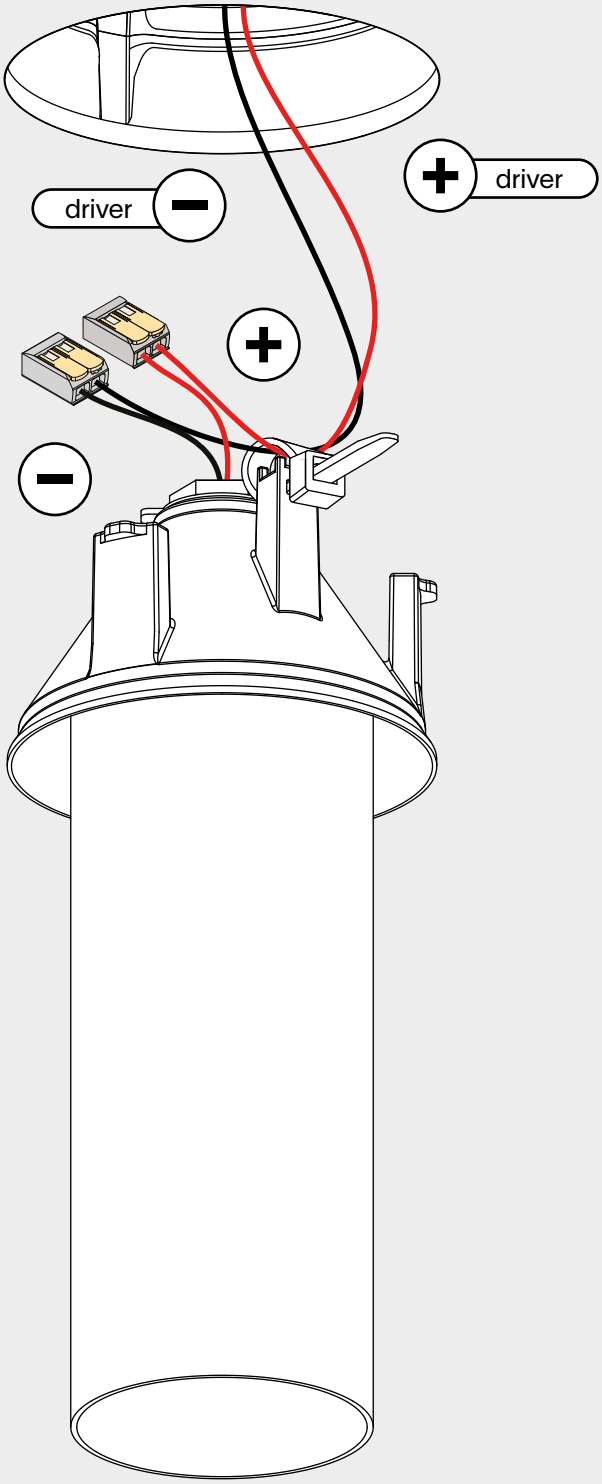

See packaging or fixture label for max. current.

2

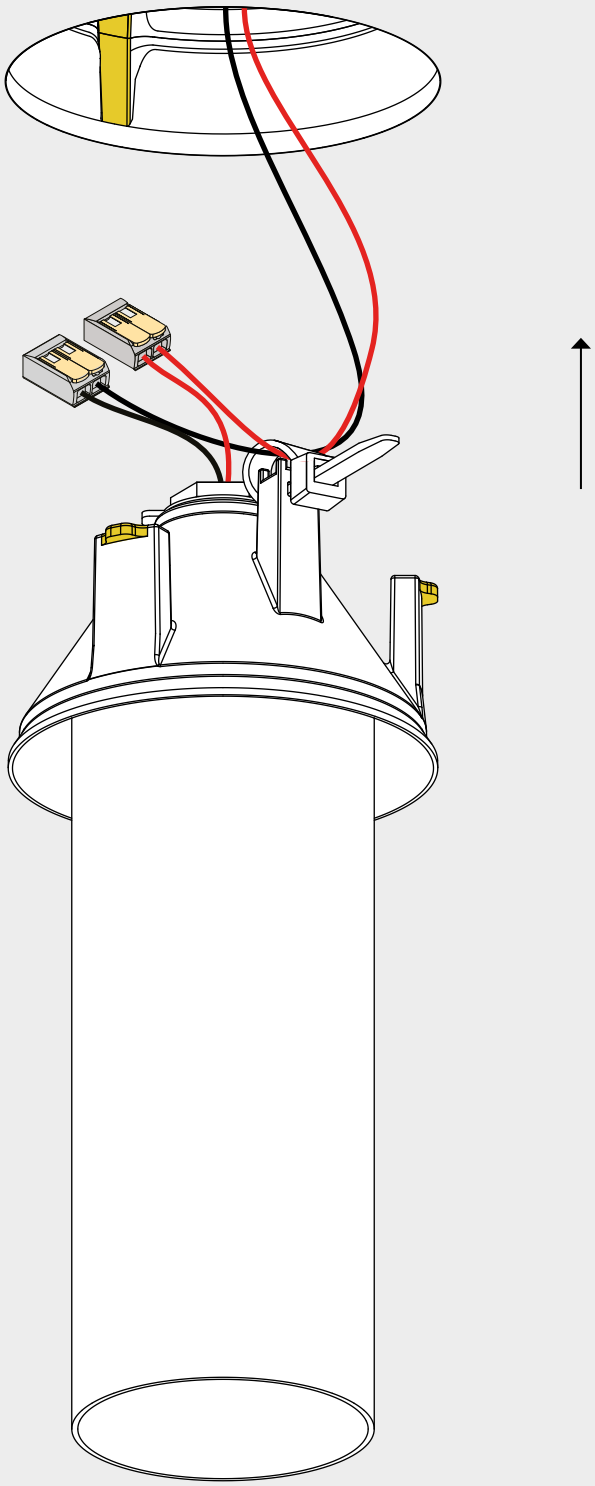

Pull the wires, coming from the ceiling, through the strain relief and tighten these.

3

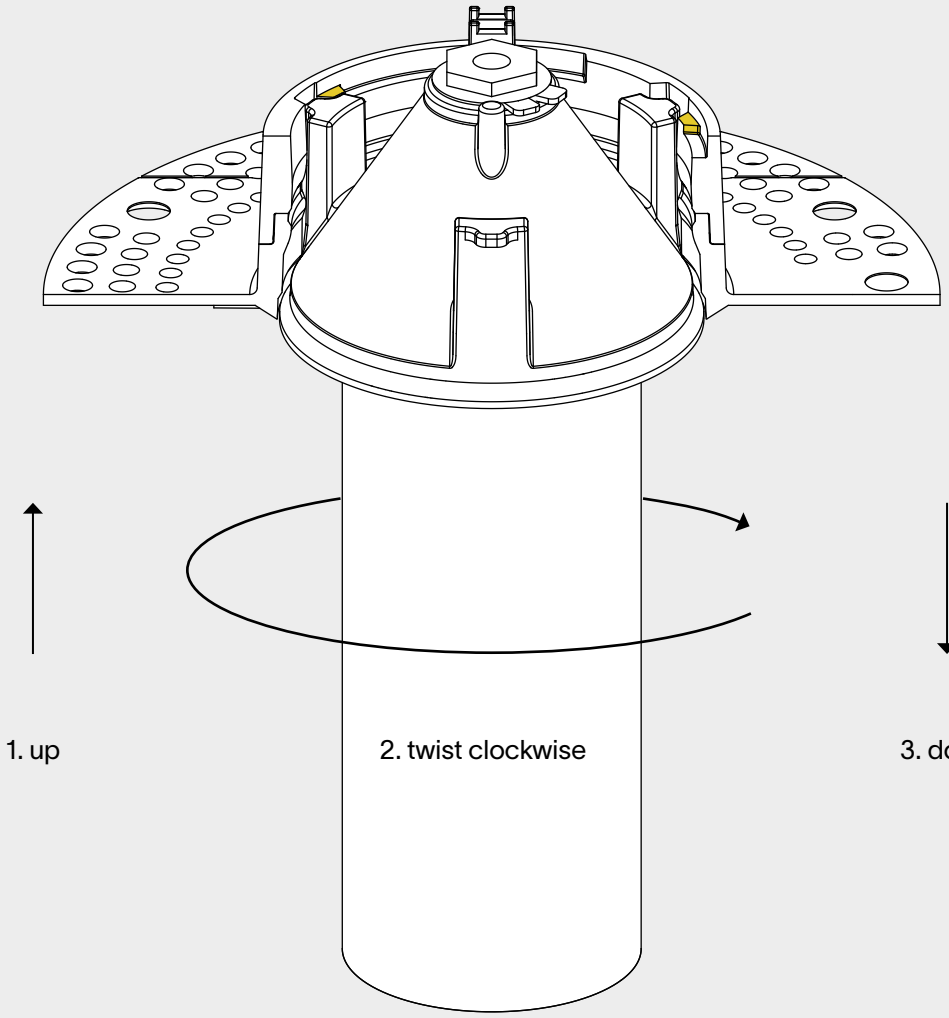

Connect the wires with wago connectors. For serial connection, respect polarity. Combine with a prado LED-driver.

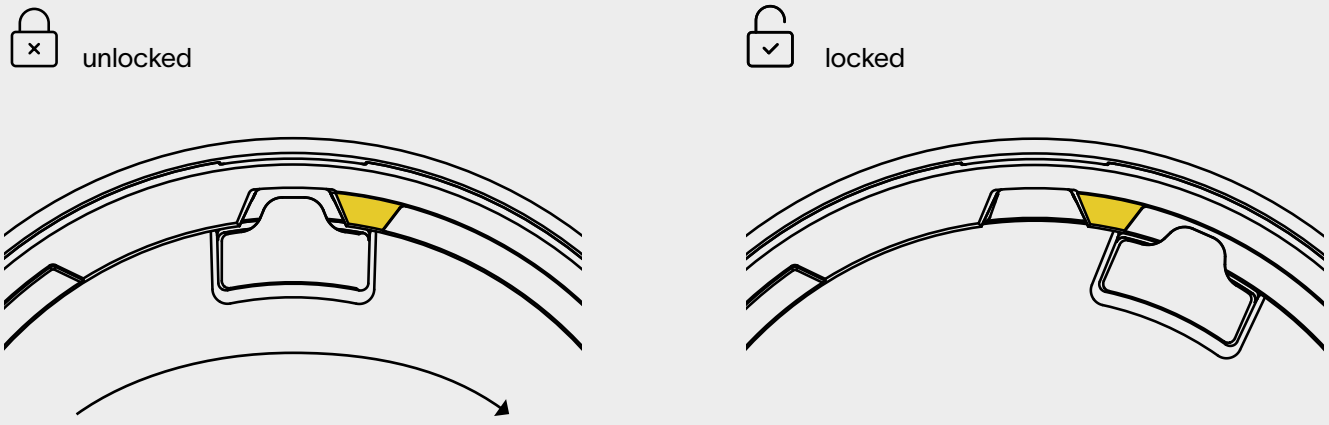

4

Insert the luminaire into the installation ring. Make sure the ribs of the luminaire match the recesses of the installation ring.

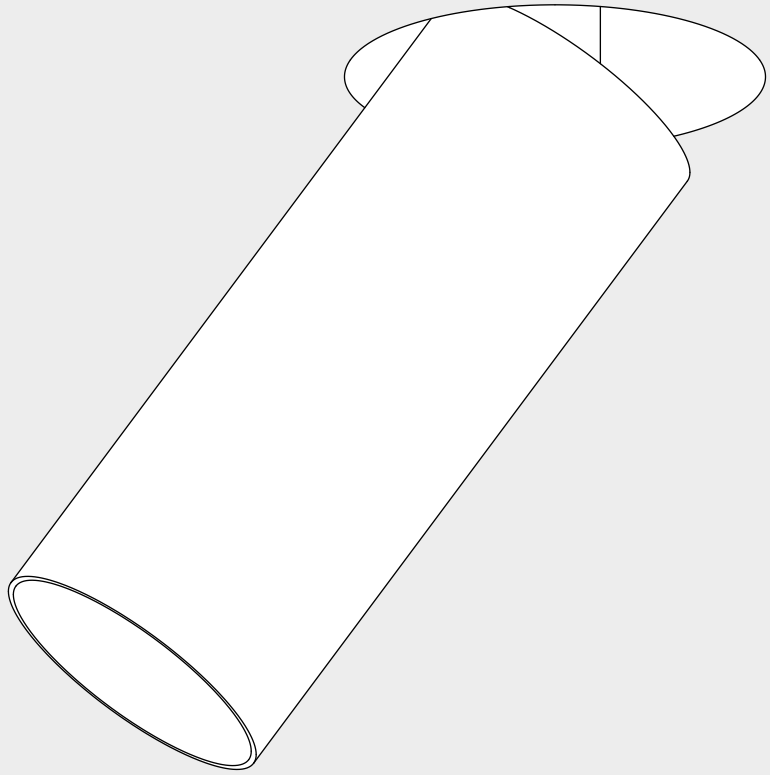

5

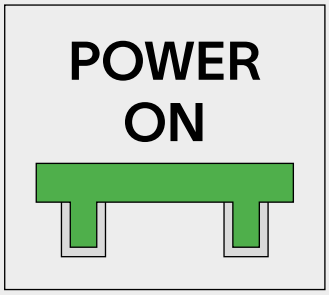

Push the luminaire a little higher and twist it clockwise to lock it. Gently pull the luminaire down again. Now it’s locked.

6

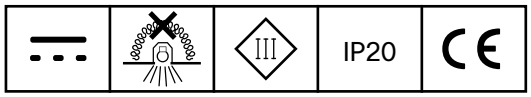

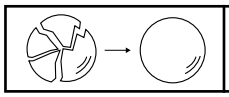

60°
360°

Twist the luminaire as desired. Turn the power back on.

thank you for choosing prado

Replace glass lense when broken.
Luminaire shall only be used together with glass lens.
